Zevenet Sponsorship Program 2017

The Zevenet Sponsorship Program aims to be a collaboration with corporations or individuals who want to contribute to the Zevenet Community Edition. It acts as a complete tool for Application Delivery and high scalable systems.

With more than 902,000 downloads since the project's beginning and 6,000 downloads per year, the Zevenet Community Edition is a sponsored community that promotes the reliability, stability, auditability, flexibility and technology accessibility that open source provides.

Zevenet has changed how load balancing is deployed, easing such complex technology into a very intuitive and graphic interface software, useful for sysadmins, devops and network engineers despite their level of technical knowledge.

Thanks to our sponsor's contribution, Zevenet Community Edition will continue to work on enhancing the software features for our growing community.

What are the benefits of supporting Zevenet Community Edition?

★ Gain awareness while belonging to a growing community, who has a specific audience within the technology field: developers, integrators, devops, networking engineers, security and infrastructure engineers, etc.
★ Favouring an open source project implies being supportive and committed to the evolution of communal technology and educational activities due to the accessibility of a technology.
★ Gain in brand reputation and SEO benefits having your logo and link to your website, taking advantage of the visibility, content generation and SEO optimization of the Zevenet main web page.

What would you get in return?

The scope of your brand and its visibility within Zevenet´s communication initiatives will depend on the level of your sponsorship agreement, please find the details listed on the table below.

Where are your funds designated to?

Your collaboration will be designated exclusively to the development of Zevenet Community Edition. We will take care of the project advertisement and exposure as well as any other administration and support service given to the Zevenet CE community.
